COVER: SEABROOK VILLAGE LOOKING NORTH, CIRCA 1885. The village extended about a quarter of a mile on Main Street(Route 1) from the Rocks Road north to the Hampton Falls-Seabrook boundry. It was lined on the west side by about a dozen colonial and federalist buildings. The photo shows that section now in the vacinity of the Hawaiian Gardens and the Top Gas station. The hanging sign advertizes the Washington House. Dr. Edward Dearborn, who served as a local physican for about 50 years, had the 38 room house built in 1811. After his death in 1850, it was converted into a hotel. It was destroyed by fire on November 4, 1903, along with four other buildings.

---------------	------

ARTICLE: 35: On Petition of Antonio Santasucci and 166 other voters of the Town: to determine by secret ballot what action the Town should take with respect to the following question.

"Should there be a Nuclear Reactor Powered Plant in Seabrook?"

YES 632 NO 768

ARTICLE: 4: Shall we adopt provisions of R.S.A. 72:43-b and 43-c for expanded exemptions on real estate which provide for a resident sixty-five years of age up to seventy-five, a Five Thousand Dollar exemption; a resident seventy-five years of age up to eighty, a Ten Thousand Dollar exemption; a resident eighty years of age or older, a Twenty Thousand Dollar exemption, provided that the resident owns the real estate individually or jointly with another or his spouse with whom he has been living for at least five years as man and wife; said resident had a net income of less than Seven Thousand Dollars or combined income with spouse of less than Nine Thousand Dollars; and owns assets of any kind, tangible or intangible, less bona fide encumbrance, not in excess of Thirty-Five Thousand Dollars."

YES 1150 NO 271

ARTICLE: 36: On Petition of James S. Burns and 27 other voters of the Town: to determine by secret ballot what action the Town should take with respect to the following question:

"Shall the members of the Seabrook Planning Board be henceforth elected by the votes of the voters on a regular election ballot as opposed to the present system of being appointed by the Board of Selectmen. If this Article is voted favorably by the majority, it is to become effective as soon as permissible, in a manner conforming with present statutes of this State."

YES 1090 NO 282

Motion by Leonard DiBartolomeo, second by Anthony Tomaino that meeting be adjourned.

Meeting adjourned at 9:41 PM.

Opinions and Resolutions

March 4, 1976

Opinion under Article VII 1976 Town Warrant.

This Article is a valid article for action by a Town Meeting and is not ambiguous under R.S.A. 39:2. The cases listed under this statute indicate that a broad reading of the statute is given by the Courts, and great precision or specificity is not required. This Article and the motion made under it are sufficient and legal.

Gary W. Holmes, Town Attorney

March 8, 1976

"Resolved" That this assembly instruct the Board of Selectmen to adopt the following Resolution

"Resolved" That any future Article in the Warrant of the Town of Seabrook having to do with revisions of salaries of all Town Officials and Town employees be printed in the Town Warrant stating what employees or Town Officials salaries shall be revised and also stating the amount of said revisions as recommended by the Bud.Comm.

Signed: Leonard P. DiBartolomeo
Joseph E. Bartley

Mr. Moderator, "I rise to a question of Privilege affecting the Assemble." I move for the adoption of the following Resolution.

"Resolved" That this assembly instruct the Board of Selectmen to adopt the following Resolutions,

"Resolved" That there be a fee charged for the use of the Town Ambulance and so called Cruiser Ambulance so called;

"Resolved" That the residents, Voters, Taxpayers, and their immediate families be charged a fee of ONE DOLLAR for the use of said Town owned Ambulance or Cruiser Ambulance so called. Said fee to be abated at the discretion of the Board of Selectmen if the Residents, Voters, Taxpayers, and their immediate families cannot afford to make payment of said fee,

"Resolved" That non-resident, Non-Voter, Non-Taxpayer be charged a fee of FORTY DOLLARS for the use of the Town owned Ambulance or Cruiser Ambulance so called, to a limit of Fifteen miles, any additional mileage to be computed at the rate of one dollar per each additional mile over fifteen miles, said fee to be paid to the Board of Selectmen of the Town of Seabrook, as a revenue of the Town.

Signed: Leonard P. DiBartolomeo
Seconded: Anthony R. Tomaino

"I move for the adoption of the following Resolution."

"Resolved" That this assembly give a rising vote of thanks to the Moderator and the Town Clerk of Seabrook, N.H. for their patience and diligence on a job well done in the conduct of this adjourned Town Meeting of Seabrook, N.H.

Signed: Leonard P. DiBartolomeo
Wilfred G. Blaney

SELECTMEN'S REPORT

In preparing the annual report, the board has made several changes in it--in the hope that you will better understand the operation of our town government.

The revisions include a more comprehensive index, additional department and special committee reports, a definitive listing of the statement of payments and of the town-owned property and the inclusion of the zoning ordinance.

During the summer we experienced first-hand our waste disposal and water supply problems with the closing of the old dump and the absence of town rubbish collection and with the restrictions on the outdoor use of water.

Since the defeat of the incinerator-recycling proposal at town meeting, many alternatives have been sought. A temporary landfill site has been developed off from the Rocks Road to the rear of the Bailey factory. We have become a member of the Northeast Solid Waste Committee, which plans a regional incinerator program at an undetermined time in the future.

In seeking to haul our waste out of town, we were turned down by the towns of Durham, Amesbury and Kingston. After our Solid Waste Committee was increased to five members, possibilities in Pelham, Saugus, Brentwood and Newmarket were studied.

The committee and the board spent several months in research and in negotiations with the Brentwood option. It was turned down by Brentwood residents at a public hearing in December.

In November, while the town's bulldozer was undergoing extensive repair, the landfill site went uncovered and the accumulated waste was set on fire. The attorney general issued an injunction on the use of this site upon learning of this incident. The board was forced to negotiate a contract with the costly operation at Saugus.

Despite the completion of the water tank, the water supply shortage remains unaltered. The moratorium on building is still in force.

Our water system engineers recommended the well search be extended to a two mile radius outside of town. Thirty-seven sites have been tested with unsatisfactory results.

To deter the overuse of the existing wells, the water department foreman was instructed to rotate the use of the wells, and a special meeting was held in May when it was learned that a contractor had not made an acceptable leakage test along one of the newly laid pipes.

With the increasing pressure from land developers, the board reaffirmed its support of the moratorium on building. All town boards were notified of this action, a special meeting was held with the state water pollution board, and the water system engineers were directed to update the study on the system's present supply and demand.

(Selectmen's Report, continued)

In regard to revenue from the system, the board directed the foreman to re-survey the water service hookups, and it adopted an ordinance to allow for the shutoff of water services, when the user refuses to pay the yearly billing.

Considerable effort was devoted to the enforcement of the zoning ordinance. Orders for compliance were issued in cases involving three junk yards, an entrance to a commercial site, a trailer, a lot line regulation and a drainage system.

An occupancy permit system has been adopted, three vacancies were filled on the planning board, and four appointments were made to the board of adjustment.

The board met with the police chief in regard to the continued cases of breaking and entering. The chief was asked to start a separate filing system on such cases, so that the board could keep informed about the progress being made, and to direct the investigating officer make periodic progress reports to the victims of a B & E case.

Assistance has been requested from the Governor's Commission on Crime for funding for a juvenile officer. Patrolmen have been asked to make periodic checks for inoperable street lights. The board appointed three permanent officers and received two resignations, which have not been replaced.

The fire chief has been issued several directives. The department is responsible for removing snow from the fire hydrants, certain employees must be given special training in operating all fire apparatus and two employees would be restricted to working in the station for health purposes.

The board adopted a load limit ordinance for the old New Boston Road, supported the state's proposal for the construction of a ramp leading south onto Rt. 95 from Rt. 107 and held a public hearing in regards to the construction of a 300 ft. ramp for the Seabrook Harbor.

With the aid of the highway safety committee, the board met with a state highway official which lead to the erecting of cautionary signs at the intersections on Farm Ln.-Centennial St. and Walton-Washington Rds.

Several long-existing health hazards were corrected by the board. An accumulation of rubbish on Boyton's Lane from neighboring businesses was stopped, an improper sewage system was eliminated by contact with the state health department and a number of vacant buildings were demolished by the fire department.

Special attention has been given to the cemeteries. During the year, Vernon Dow Sr. replaced Road Agent Felch as foreman of the department. In the late fall, the department began rebuilding the wall of the Methodist and Hillside cemeteries.

(Selectmen's Report, continued)

The special mosquito control committee has worked successfully. Its two student employees submitted weekly progress reports and have developed an excellent study of the problem.

In September a year round leash law was established. When the board discovered the improper burial practises at the Mill Lane site, measures were taken to stop this action and also to prohibit the burial of carcuses from the dog track. In December, the state board of health ordered the town to relocate its burial site.

Meetings with Public Service Co. officials lead to the correction of many potential hazards through the use of a road along a residential area. The access road to the plant was placed on top priority and the work shifts were reduced to cut down on noise during the late and early hours of the day.

Negotiations were not completed with the Public Service Co., in regard to our sale of the Evans property and our purchase of the 29 acre site off Rocks Road for use as the site for our landfill station. Studies available to date indicated that this site would also be suitable for a sewage plant.

In addition to the above-mentioned transactions, many more items have come before the board, but they are too many for further explanation; however, the following will provide you with an idea of the scope of this office: addition to the town office, air and noise pollution from Bailey factory, research on four tax title property claims, property tax assessment complaints, microfilming of town records, inventory of town property, change in location of the polling place, setting up the yearly budget, weekly welfare cases, setting up taxi permit and fee, periodic memos to department heads, town officials and special committees, attending planning board meetings and filing an application for financial assistance for a selectmen's assistant through the CETA program.

In closing among our plans for 1977 are setting up a system for charging for use of the ambulance, demolishing several vacant buildings, setting up guidelines for welfare distribution, revamping the building permit forms and files, setting up a general filing system, making a weekly checklist of duties for town employees, keeping a tighter reigns on departmental expenses.

PLANNING BOARD

During the past year your planning board has attempted to carry out the work of the board according to the laws of the town.

During the year we granted fifty-five(55) informative interviews, conducted thirteen(13) preliminary reviews and public meetings for site plan review. We received and approved twenty(20) plats for recording purposes.

The board has drawn up and submitted six(6) amendments to the zoning ordinance which we feel will more clearly define the needs of the town to insure a more orderly growth. We hope you, the voters of the town, will feel the need for these amendments in order to facilitate the work of the new board which you will elect on March 8, 1977.

HEALTH DEPARTMENT

Rockingham Child and Family Services

For several years, Rockingham Child and Family Services was included in the Seabrook budget as well as in those for other sea-coast towns. They did not request funds last year because they thought that the county would take care of it but that plan did not work out.

This year they respectfully request to be considered again. During the last year, 95 hours of time have been put in with 22 Seabrook families. They figure that each hour costs \$7 which would make a total of \$665.

The services provided by this organization are essential to the community and the office cannot generate enough funds from its clients to pay for its operation. I have served as a director from time to time and am convinced that the public gets good value for its dollars given to this organization.

Sincerely yours,

Stanley A. Hamel
Advisory Board

Seacoast Visiting Nurse Association

Fiscal year	1975-76	1974-75
Total Calls	7579	6068
Seabrook	2442	1597

During the fiscal year July 1, 1975 through June 30, 1976, 2442 calls were made in Seabrook. Of these calls, 634 were made free of charge or at a reduced fee. The policy of the agency remains the same. No one is refused service because of inability to pay--fees are scaled or care is provided on a no charge basis when necessary. In addition to nursing care, both our Physical Therapist and Homemaker Home Health aides have been utilized by Seabrook residents.

Currently 219 children from Seabrook are enrolled in our Well Child Clinic. These children from birth until 6 years old are seen on a regular schedule for physical examinations, immunization, blood tests, counseling, developmental testing, vision and hearing screenings, urine tests and lead screening. Children between the ages of 3 and 6 are seen twice a year at our Dental Clinic and are referred to local dentists for treatment when necessary at no cost to the families.

Last fall we had a flu clinic for the Senior Citizens and have met with them monthly to monitor Blood Pressures and health problems.

Referrals are made to appropriate agencies when the need arises. Some of the resources we frequently use are Sight Conservation, Crippled Childrens Clinic, Family Planning, Cardiac clinic, Welfare, Legal Aid, Seacoast Regional Counseling Center, etc.

December 23, 1976

Mr. Walter J. Randall, Chairman
Board of Selectmen
Seabrook, New Hampshire

Dear Mr. Randall:

I am writing to request a grant of \$1,000.00 from the town of Seabrook for the Seacoast Regional Counseling Center, Inc., for the year 1977. Seabrook residents utilization of our services has been steadily increasing to over one hundred residents now in direct treatment and many more enrolled in our Partial Hospitalization, Youth Programs, Emergency Services, and consultations to the schools and other agencies. I hope that Seabrook will again vote favorably on our request.

Sincerely,

Richard S. Lockhart
Administrative Director

P.S. I am also requesting last year's grant on one thousand dollars, (\$1,000.00).

Thank you.

November 22, 1976

Selectmen,
Town of Seabrook
Seabrook, N.H.

Dear Sirs:

Please consider the Area Homemaker-Home Health Aide Service, Inc. as an item for request of funds for 1977-1978.

We are asking for \$1,500.00 this year with four Aides working in Seabrook on a regular basis to help the sick and disabled.

One of our main goals is helping the elderly to remain in their own homes instead of being institutionalized. Our service has increased and we have had to add another Aide to our Agency this month to serve the needs in that area.

Enclosed please find a summary of the Agency's work in Seabrook for the past year.

We will be glad to meet with you at your convenience to attend the budget hearing.

Thank you for your support this last year.

Sincerely yours,

Elizabeth J. Ballard
Elizabeth J. Ballard,
Director

EJB/dm

SOLID WASTE COMMITTEE

Designated committee was appointed to find a permanent solution for disposal of Town trash and to inform Selectmen how long each proposal would last and to state as to initial cost and the ongoing future cost.

Many contacts have been made with varying results as to cost and conditions.

#1 Met with Selectmen in Amesbury at open hearing and was turned down when meeting turned into an endless discussion of the Nuclear Power Plant by Chairman of Board of Selectmen, Mr. Costello.

#2 Met with Salisbury Selectmen on their invitation to set up a combined dump operation but proximity to water wells of Salisbury and Seabrook cancelled proposed project.

#3 Worked with Robert Dow on proposed dump site at Kensington gravel pit which was available but water wells in Seabrook again caused cancellation. Verbal permission was granted by State to set up a regional incinerator and he has been working with Kensington authorities to this end.

#4 Met with Stanly Rosencrantz, owner of Pelahm dump site, at Seabrook and at the Pelham Selectmen's office. Initial cost first year of average of 82 tons weekly or 4200 tons annually.

Annual Fee	83,000
Initial first Yr.	5,000
Attendants Salary	12,000
First Year	100,000
Succeeding Years	95,000
Per Ton	22.50

#5 Met with RESCO officials and offered contract for disposal of 4,200 tons annually for \$108,000.

#6 Durham facilities unable to handle any further tonnage.

#7 Spent great deal of time with potential prospect of leasing dump site in Brentwood. Arrived at proposed agreement to acquire use of facility for twenty years to be operated by Seabrook for \$20,000 per year plus license fee of \$4,000 to Brentwood and allowance of free dumping rights to Brentwood.

First year setup costs for dump and necessary equipment and personnel

62,500

Second Year and thereafter 40,000

Saving of gravel costs and personnel

now used at Seabrook dump at present 37,000

Increased costs per year 3,000

Costs per ton would have decreased annually from \$8.00 per ton at 100 tons weekly to \$4.00 per ton at 200 tons weekly. Turned down at Brentwood public hearing.

#8 Investigating Sanitary Landfill proposal at Newmarket at present. Proposed contract is for five years with three options of five years each at \$10.00 per ton with minimum of 4,000 or 5,000 tons annually,

(Solid Waste Committee, continued)

still undecided.

At 4,000 tons annually	40,000
Saving of gravel and personnel at present dump and equipment	<u>39,000</u>
Increased cost to town	<u>1,000</u>
At 5,000 tons	50,000
Savings on gravel, personnel and equipment	<u>39,000</u>
Increased cost	<u>11,000</u>

These figures do not include extra mileage of approximately thirty (30) miles per round trip.

#9 Have had to accept RESCO proposal on monthly basis until New-market proposal is settled.

Cost to Seabrook to RESCO	9,000	per month
Attendant at transfer station	<u>700</u>	" "
	<u>9,700</u>	" "

#10 Incinerator proposal by Washburn and Granger of Paterson N.J.

Three(3) incinerators recommended, one for exclusive use of Bailey Co. Cost \$420,000 plus cost of fuel, manpower, equipment, amortization of bonds approximately \$130,000 annually for twenty years.

#11 Met with R.A.Gottberg Ass. on incinerator proposal.

Recommended strongly against incineration unless a regional setup is organized with tonnage of at least 100 to 150 tons daily is available. An incinerator should be kept hot twenty-four hours daily so as not to cool down or cause the breakdown of the ceramic lining of the furnace and cause constant breakdown. A furnace capable of handling this tonnage on a twenty-four hour basis would cost over \$1,000,000 plus all other expenses listed in previous paragraph.

#12 Last and most important to the Town of Seabrook is the fact that N.H. State law provides for the fact that Industry is totally responsible for the cost of disposing of their industrial waste at the same proportionate cost that the town pays per ton for their disposal of residential and commercial waste. Imposing of this law would cut the taxpayers bill for rubbish disposal by one half, based on present tonnage.

Financially it is the thought of this committee that we attempt to use a landfill facility at this time unless we consider a Regional approach to incineration. There is always the excellent prospect that the North East Regional incineration project, of whom we are a member, may be operating within four years with the prospect of \$8 to \$10 per ton decreasing annually as electric costs advance.

Respectfully Submitted,

Arthur E. Wicklund

Committee Members: Chairman Anthony T. Randall, Clyde O. Brown, Walter Smith, Elizabeth Thibodeau, Arthur E. Wicklund.

Full five member committee appointed by selectmen on August 3, 1976.

BROWN LIBRARY ASSOCIATION

As a result of the improvement that were completed at the Library in 1976, the additional hours that the Library stayed open and other special services available, the number of people served was increased approximately 50%.

The Library has met all the qualifications required by the State-wide Library Development program and all projects started in 1975 (the interior of the addition, the septic system and the plumbing) were completed. In addition to the work completed, the interior walls were painted, a very fine display case was built in the foyer, a new sign was placed on the front lawn, and indirect lighting was installed over the bay windows.

With the help of Mrs. Rachael Sanborn, New Hampshire Library Consultant for the Southeast District, all obsolete books were weeded out and a substantial sum of money was used to buy story books for children and adult non-fiction. Librarian, Lydia M. Gould, and assistant librarian, Helen Skinner, were sent to take required special courses at the University of New Hampshire. Mrs. Gould took a course on reference books and Mrs. Skinner took one on children's books.

A sum of money was given by an individual to defray the expense of building the display case and other gifts were received. The Seabrook Women's Club gave a card catalog and a Card Master which are indispensable items in cataloging new books. The Friends of the Brown Library gave a sum toward the book fund and has set aside a fund to purchase new shades for the bay windows. They also put up a Christmas tree which was trimmed with decorations made by children at the Elementary School. Members of the Women's Club and of the "Friends" acted as hostesses at the Library Open House during Bicentennial Week.

Last spring four youngsters, Ellen Mendles, Bobby Cunningham, and Frank and Lisa Clute, gave a puppet show, "The Three Bears" with their hand-made puppets. In the fall, Richard Blanchard's puppets performed "Folk Stories." He was assisted by Forrest Carter and Lori Field. Both shows were well-attended.

Charlotte K. Marshall
Trustee for the Town of Seabrook

BROWN LIBRARY ASSOCIATION

LAFAYETTE ROAD

SEABROOK, NEW HAMPSHIRE 03874

TO THE SEABROOK BUDGET COMMITTEE:

During 1976, the Trustees made significant progress in their efforts to improve our services to the people of our town and we respectfully request an appropriation of \$15,474 for 1977.

The operating expenses are based on 1976 actual costs which will let us continue to be open 25 hours each week and to maintain the building properly. Under capital expenses, there are five items which we feel are essential at this time. 1) New shelving in the main stack area will allow us to store many more books and make it easier for the people to find what they need. Most of the old ones can be used later in the room downstairs and elsewhere in the building. 2) Last year we made improvements to the lighting system but additional sections must be done now so that all parts of the Library will be adequately lighted. 3) We have started to modernize the wiring but much more must be done before we can feel it is safe. 4) A burglar alarm, similar to the one at the Boyd School, will protect the work already accomplished and provide security in the future. 5) The steps and flooring on the south porch have deteriorated to the point that we must replace them.

Since the town started supporting our efforts in 1975, use of our facilities has increased greatly and your continued help will allow us to do even more.

OPERATING EXPENSES	1976	1977

PARK DEPARTMENT

Accomplishments for 1976

Veterans Memorial Park

Chain link fence installed on east and west sides of park.
Hauled out seven cords of wood.
Bulldozed sit for new field.
Put road through to new field.
Repaired faucet twice.
Lined and prepared field for eight Pony League games.
Lined and prepared field for eighteen Town Team games.
Lined out field for football games.

Governor Weare Park

Replaced light fixtures at Weare Memorial.
Dug up old baseball diamond, refilled and clayed it.
Added drinking fountain.
Flushed out clogged rest rooms.
Put vent in rest rooms.
Fertilized and limed Little League field.
Painted Bleaches & Replaced Faucet.
Lined and prepared fields for thirty-five Little League games.

Smithtown Honor Roll

Painted and re-lettered Honor Roll & Painted gun and all flag poles.

Park Building

Sixteen by sixteen addition to park building.

Mowing and trimming was done to the following grounds: Veteran's Memorial Park, Governor Weare Park, Watt's Memorial, Janvrin's Memorial, World War I Memorial, Firemen's Honor Roll & Smithtown Honor Roll.

Plans for 1977

Veterans Memorial Park

Build Bleachers	Develop new field
Paint posts in front of park	Repair Backstops
Hot top road to new development	Dig up in-field & re-surface
Repair fences	

Governor Weare Park

Install fence	Construct divider between fields
Repair backstops	Repair fence
Paint bleachers	Develop in-field on field two
Paint dugouts	

Other Projects

Restore Firemen's Honor Roll/ Install smaller flag pole at Janvrin's Memorial/ Finish construction on Park Department building.

Richard P. Beckman, Henry H. Boyd, Vernon Dow Sr.
Park Commissioners

CEMETERY DEPARTMENT

In addition to routine maintenance, this past year the archway of the Elmwood Cemetery has been completely replaced. At the Methodist and Hillside Cemeteries we have started to replace the stone wall and have begun cutting trees and grading.

This year we plan to finish the stone wall at the Methodist and Hillside Cemeteries and erect archways which will identify each cemetery by name. We also want to hot top some of the roads in these cemeteries to prevent them from washing out. We will continue cutting trees to enlarge the cemetery and possibly will have a parking area. At the Wildwood Cemetery we will paint and re-letter the archway and plan more extensive work at that cemetery next year when time permits.

Respectfully Submitted,

Vernon G. Dow Sr.

MOSQUITO CONTROL COMMITTEE

The Town of Seabrook established a Mosquito Control Committee this year. Committee members include Eric Small, Leslie Titus and Daniel Gretsche.

In June, 1976, the Commission hired two entomology graduate students, Kenneth Krukonis and Betsy Anne Whalen, from the University of New Hampshire. The two students coordinated and implemented preliminary studies necessary for an economical and effective mosquito control program for 1977. Studies included a town larval site survey, light-trapping, bite counts and laboratory work.

The larval site survey was undertaken throughout the summer to determine where mosquito larvae were present. To accomplish this, the town was divided into 22 sections and each section was searched for actual and potential larval sites. All sites were recorded and filed. A large town map was constructed to show the exact location of each site. Extensive numbers of mosquito larvae were found in the saltmarsh.

Light-traps, devices to collect flying adult mosquitoes, were placed in three areas of Seabrook on a regular basis. The light-traps provided information as to the numbers and types of mosquitoes present. The mosquitoes were taken from the traps and preserved for counting and identification. Bite counts were done in conjunction with the light-trapping to give additional information on exactly what type of mosquito was biting.

Field studies were undertaken throughout June, July and August. The larval site survey was completed in late August. All preserved specimens were identified during September and October at the University of New Hampshire.

A detailed report of the summer's operations, the results, photographs, and recommendations for mosquito control was submitted to the Seabrook Mosquito Control Committee by Betsy Anne Whalen in early December. This report is available at the Town Hall to any interest-

(Mosquito Control Committee, continued)

ed resident.

Basically it may be said that the Town of Seabrook has complied with all of the qualifying State and Federal requirements and regulations, including submission of a proposed Mosquito Control Program for 1977. To that end we have purchased a motorized cold aerosol fog generator that will be used for spraying as conditions warrant. It is felt that the judicious and skilful use of this equipment plus lavacide operations on the saltmarsh should materially reduce the mosquito population and award a summer lifestyle to this community that is long overdue.

The Seabrook Mosquito Control Committee is most appreciative of the Rockingham County, the University of New Hampshire and the community support and assistance received, especially the many local groups that have offered assistance in the brook and ditch cleaning programs for 1977. The wonderful spirit of this community has been most rewarding to us all.

Daniel Gretsck
Eric Small
Leslie Titus

BOARD OF ADJUSTMENT

In April of 1976 the Board of Adjustment members were Albert Eaton, Chairman, Robert Beal, James Champoux, Stanley Morrison, William Dolan and alternate Charles Prior.

Since then James Champoux transferred to the Planning Board; Charles Prior and Stanley Morrison resigned.

Present members are Albert Eaton, Robert Beal, William Dolan, Leslie Titus and alternates Benjamin Moore, Ann Downer and Alvin Purdy.

During the year the Board heard and rendered decisions on ten appeals. Six were granted, four were denied. Several other persons requested and were granted hearings but failed to appear and their appeals were forfeited. Several persons also appeared for information only.

Respectfully submitted,
William V. Dolan, Clerk

SEABROOK AMERICAN REVOLUTION BICENTENNIAL COMMITTEE

A spectacular bonfire and fireworks display on the grounds of the elementary school heralded the 200th anniversary of the signing of America's Declaration of Independence.

On the following day, a community worship service was held at the Old South Meetinghouse, where the "Declaration of Independence" was read. The bicentennial time capsule was buried on the front lawn of the American Legion Hall, and all four church bells were rung at exactly 2 pm in conjunction with communities throughout the nation.

The culmination of the two year long celebration took place during the Old Home Week celebration, August 22-28. A full schedule of activities began with the dedication of the Old Boyd School--the newly restored one room schoolhouse, which serves as Seabrook's historical museum--and with a country dance at the Legion Hall.

Events during the week included a program on "The Quakers of Seabrook" and General Sullivan, a slide show of old Seabrook, a Peewee football game, the Little Red Wagon and a teenage dance. In addition, there was a heritage tour which took in the Brown Library, the Boyd School and the Old South Meetinghouse, where there was displayed a photo exhibit of the Seabrook Quakers and of the Seabrook Village.

The celebration concluded with an Old Home Day program at the elementary school, which began with a parade from King's Dept. store to the school. Among the events enjoyed by the several thousand participants was a mock battle, a doll carriage parade, beano, a musket shoot, tomahawk-throwing contest, knife-throwing contest, the Bicentennial Arts Caravan '76, a firemen's muster, pie-tasting contest, sack race, corn husking contest, sponge-throwing booth.

Also, a three-legged race, greasy pole, softball, watermelon-eating contest, rubber doughnut race, chicken barbecue, band concert and a bonfire and fireworks display.

Other events consisted of an appearance of the state's bicentennial wagon, a colonial banquet, a school fair, bicentennial ball and a colonial candlelight service.

A number of lasting reminders of our celebration took an important place in our overall program. Besides the restoration of the Boyd School, the creation of the two photo exhibits, the committee had erected over a dozen historical markers, had made a special license plate and had placed an old gravestone at the site of Dr. George Fellows grave. In addition, several books on local history were purchased for the Brown Library, including Dow's History of Hampton, The Book of Dow, The Vital Statistics of Hampton Falls and Perspectives '76.

The Bicentennial Committee will be asking town meeting '77 to allow its unexpended balance to be carried over into 1977, as the town will be asked by the state bicentennial commission to participate in the commemoration of the Battle of Bennington. Only two men from the New Hampshire seacoast fought in that battle, and they were Seabrook men--Nicholas Felch and Jonathan Cilley. Also, the committee wishes to have restored a number of the old town meeting records which began in the year 1768.

On behalf of the committee, I extend my deepest appreciation to all those who so willingly helped support our efforts with their time and energy.

Eric N. Small
General Chairman

DIVISION OF MUNICIPAL
ACCOUNTING
FREDERICK E. LAPLANTE
DIRECTOR

January 25, 1977

Selectmen of Seabrook
Walter I. Randall, Chairman
Seabrook, New Hampshire 03874

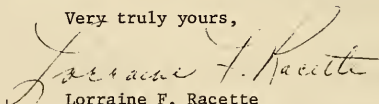

Dear Mr. Randall:

This communication is intended to serve as a status report on the examination made by this Division of the accounts and records of the Town of Seabrook, New Hampshire.

The auditors' report and summary of findings are currently awaiting final Division review in keeping with our established policy. We do not expect to be able to submit a report of this audit prior to the publication of the 1976 Annual Report.

We regret the inconvenience which this may cause. However, we fully expect that our report will be finalized and forwarded to your office in the very near future.

Very truly yours,

Lorraine F. Racette
Assistant Director

TOWN WARRANT AND TOWN BUDGET

of the Town of Seabrook, N.H.

1977

THE STATE OF NEW HAMPSHIRE
TOWN OF SEABROOK
TOWN WARRANT FOR 1977

L.S.

To the Inhabitants of the Town of Seabrook, in the County of Rockingham, in said State, qualified to vote in Town Affairs:

You are hereby notified to meet in the Auditorium of the Seabrook Elementary School, Walton Road, on Tuesday, March 8, 1977, at 10 o'clock in the forenoon and to cast ballots until at least 7 o'clock in the evening of the same day, and to meet in the upper hall of the Seabrook Firemen's Association Building, Route 286, on Thursday, March 10, 1977, at 7:30 o'clock in the evening to act on the following Articles:

ARTICLE I: To elect by Non-Partisan ballot: One Selectman for a term of three (3) years; One Trustee of trust funds for a term of three (3) years; One Road Agent for a term of one (1) year; One Chief of Police for a term of one (1) year; One Fire Chief for a term of one (1) year; Three (3) Constables, each for a term of one (1) year; Two (2) members of the Budget Committee for a term of three (3) years; A member of the Park Commission for a term of three (3) years; Two (2) members of the Planning Board for a term of three (3) years; Two (2) members of the Planning Board for a term of two (2) years; Two (2) members of the Planning Board for a term of one (1) year; One member of the Brown Library Trustees for a term of three (3) years; and any other officers for the ensuing year.

(On the Official Ballot)

ARTICLE II: To see if the Town is in favor of the adoption of Amendment No. 1 as proposed by the Planning Board for the Town of Seabrook Zoning Ordinance as follows:

Amend Section VII C. (Building Permits) as follows:

1. No person or entity shall undertake any construction, development or alteration of any building structure or use of land without a written building permit issued by the Building Inspector unless such undertaking is for normal maintenance or for emergency repairs.

3. There shall be a fee for the review of an application, inspection of the premises (if required) and the issuance of a building permit of five (\$5.00) dollars, plus the sum of two (\$2.00) dollars per thousand (\$1,000.00) dollars (or any fraction thereof) of the estimated cost of the building or project over five hundred (\$500.00) dollars ... (continue with remaining wording as per existing ordinance).

(On the Official Ballot)

ARTICLE III: To see if the Town is in favor of the adoption of Amendment No. 2 as proposed by the Planning Board for the Town of Seabrook Zoning Ordinance as follows:

Amend Section III A. Zone 1 to include number 12 as follows:

12. No Mobile Home or House Trailer shall be erected, placed or otherwise located on any lot in this zone.

(On the Official Ballot)

ARTICLE IV: To see if the Town is in favor of the adoption of Amendment No. 3 as proposed by the Planning Board for the Town of Seabrook Zoning Ordinance as follows:

Amend Section III by adding subsection F Mobile Home Parks as follows:

- F. Mobile Home Parks.

No Mobile Home Park or House Trailer Park shall be established or be allowed to expand if already established, within the confines of the Town. Mobile Home Park and House Trailer Park means any parcel of land under single or common ownership or control which contains, or is designed, laid out or adapted to accommodate two or more Mobile Homes. Mobile Home or House Trailer means a prefabricated dwelling unit which: (a) is designed for long term and continuous residential occupancy; (b) is designed to be moved on wheels, as a whole or in sections; (c) on arrival on the site, is complete and ready for occupancy, except for incidental unpacking, assembly, connection with utilities, and placing on supports or a permanent structure.

(On the Official Ballot)

ARTICLE V: To see if the Town is in favor of the adoption of Amendment No. 4 as proposed by the Planning Board for the Town of Seabrook Zoning Ordinance as follows:

Amend Section VI D (gravel pits) as follows:

It shall be unlawful to excavate and remove from any premises, sand, topsoils, gravel or rock, excepting such surplusses of topsoil, sand, gravel or rock, as may result from excavations when constructing basements or foundations for buildings or when excavating for drive-ways, parking lots and streets except in accordance with the following conditions:

- A. A permit has first been obtained from the Board of Adjustment following written application therefor, and said Board has held a public hearing thereon.
- B. The Board of Adjustment must first find that such use is not detrimental, injurious or dangerous to public health and the welfare of the district or town, and shall not constitute a nuisance due to noise, vibration, smoke, odor or other objectionable features, nor adversely affect the economic status of the district or town. The Board shall consult the Planning Board of the Town as a resource for making these findings.
- C. Both existing and proposed uses must have a permit to operate. A permit so issued shall be issued for an initial period of not more than one year and to be subject to renewal upon application to and at the option of the Board of Adjustment for successive periods of not more than one year provided, that a bond is posted in the name of the Town assuring satisfaction of any requirements of the Board of Adjustment which it may require to safeguard the interest of the Town.

(On the Official Ballot)

ARTICLE VI: To see if the Town is in favor of the adoption of Amendment No. 5 as proposed by the Planning Board for the Town of Seabrook Zoning Ordinance as follows:

Amend Section IV B, as follows:

B. AREA AND FRONTAGE: No building shall be erected, placed, moved or otherwise located on a lot containing less than Twenty Thousand (20,000) square feet in area, or less than One Hundred (100) feet of frontage on an existing road, and has an average width of One Hundred (100) feet unless such lot is on record in the Rockingham County Registry of Deeds prior to the enactment of this Ordinance. No dwelling building shall contain more than two (2) living units per One Hundred (100) feet of frontage on an existing road or more than two (2) living units per Twenty Thousand (20,000) square feet of land area. Provided, that except in those areas of Zone 2 to the East of Blackwater River, an additional dwelling building containing no more than one living unit may be placed on a lot in Zone 2, in addition to such buildings as are otherwise herein permitted on a lot, provided that said lot contains Twenty Thousand (20,000) square feet of land area per dwelling building.

(On the Official Ballot)

ARTICLE VII: To see if the Town is in favor of the adoption of Amendment No. 6 as proposed by the Planning Board for the Town of Seabrook Zoning Ordinance as follows:

Amend Section VI E: Motor Vehicle and machinery junk yards, as follows:

- A. No new junk yards as hereinafter defined shall be established, opened, or operated within the Town.
- B. No existing junk yard within the Town shall be expanded or in any way enlarged unless a Variance is granted by the Board of Adjustment.
- C. The term "Motor Vehicle junk yard" as used herein shall include any business and any place or storage or deposit, whether conducted in connection with any other business (such as garage, auto repairs, new or second-hand auto sales, service station, etc.), or not, which has stored, deposited or abandoned:

- (a) two (2) or more unregistered motor vehicles which are no longer intended or in a condition conforming with legal requirements for use on the public highways, or
- (b) used parts of motor vehicles, or such pieces of iron, bronze, or other metals, glass, paper, rubber, or other discarded or second-hand material as has been a part, or intended to be a part of any motor vehicle, the sum of which parts or materials shall be the equivalent in bulk of two (2) or more passenger car motor vehicles.
- (c) The term "motor vehicle junk yard" shall also include any place of business or storage or deposit of motor vehicles purchased or acquired otherwise for the purpose of dismantling the vehicles for their parts or for use of the metals for sale as scrap materials as well as those places where scrap metals are salvaged by burning the motor vehicles or where motor vehicle parts are cut up for the salvage of metals in more convenient sizes.

D. The term "Machinery Junk Yard" as used herein shall mean any place of storage in which there is displayed to public view junk machinery of any kind or scrap metals, wood, glass, fabric or other materials commonly called junk.

(On the Official Ballot)

ARTICLE VIII: To see if the Town is in favor of the adoption of Amendment No. 7 as proposed by petition of the voters of this Town as follows:

To see if the Town will vote to amend the Zoning Ordinance to allow for the construction of four (4) outdoor tennis courts on land situated west of Route 1 A behind and adjacent to Mahoney's Shopping Center property.

(On the Official Ballot)

(Disapproved by the Planning Board)

ARTICLE IX: To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes and to renew and refund Town notes.

ARTICLE X: To see how the Town will vote on the following question:
Are you in favor of rescinding the vote to elect the members of the Planning Board?

(On the Official Ballot)

ARTICLE XI: To see if the Town will vote to authorize and empower the Selectmen to appoint such permanent police officers, firemen and employees for all other departments of the Town as they deem necessary.

ARTICLE XII: To see if the Town will vote to authorize and empower the Selectmen to accept Federal and/or State and/or other funds to be applied to the salaries of Town employees.

ARTICLE XIII: To see if the Town will vote to raise and appropriate the sum of Twenty Thousand One Hundred Ninety-three (\$20, 193.00) Dollars to be used to increase the salaries of full-time Town employees in accordance with the following schedule:

Police Department:

Chief	\$ 205.00 weekly	\$ 215.00 weekly
Assistant Chief	188.00 weekly	198.00 weekly
Sergeants	183.00 weekly	193.00 weekly

Part-time help	3. 60 per hour	3.85 per hour

Highway Department:

Highway Agent	205.00 weekly	215.00 weekly
Permanent Men	176.00 weekly	186.00 weekly
Part-time help	3. 60 per hour	3.85 per hour

Cemetery, Rubbish, Health:

Foreman	205.00 weekly	215.00 weekly
Permanent men	176.00 weekly	186.00 weekly
Part-time help	3.60 per hour	3.85 per hour
Selectmen's Clerk:	138.00 weekly	148.00 weekly
All other clerical work:	3.25 per hour	3.50 per hour

(Approved by the Budget Committee)

ARTICLE XIV: To see if the Town will authorize the Selectmen to expend the Highway Subsidy provided by the State of New Hampshire pursuant to the provisions of RSA 241:14, as amended, for the purposes defined in said Statute.

ARTICLE XV: To see if the Town will vote to authorize the withdrawal from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972 for use as set-offs against budgeted appropriations for the following priority purposes and in the amounts indicated or take any other action hereon:

<u>Appropriation</u>	<u>Amount</u>
Police	\$40,000.00
Fire	\$40,000.00

(Approved by the Budget Committee)

ARTICLE XVI: To see if the Town will vote to raise and appropriate the sum of Three Thousand (\$3,000.00) Dollars to be added to the Fire Equipment Fund.

(Approved by the Budget Committee)

ARTICLE XVII: To see if the Town will vote to raise and appropriate the sum of Five Thousand Five Hundred (\$5,500.00) Dollars for the purpose of continuing the Bicentennial projects and to authorize the Bicentennial Committee to expend such sum for these purposes.

(Approved by the Budget Committee)

ARTICLE XVIII: To see if the Town will vote to raise and appropriate an additional sum of One Thousand (\$1,000.00) Dollars for the reappraisal of part of the property located in the Town of Seabrook.

(Approved by the Budget Committee)

ARTICLE XIX: To see if the Town will vote to hire a full-time Tax Assessor and to raise and appropriate the sum of Thirteen Thousand (\$13,000.00) Dollars for this purpose. Salary shall be commensurate with experience but shall not exceed Thirteen Thousand (\$13,000.00) Dollars a year which shall also include expenses.

(Approved by the Budget Committee)

ARTICLE XX: To see if the Town will vote to raise and appropriate the amount of Four Thousand Three Hundred Fifty (\$4,350.00) Dollars for the purpose of purchasing a new police station wagon and authorize the Selectmen to sell or trade-in a 1976 Pontiac police station wagon.

(Approved by the Budget Committee)

ARTICLE XXI: To see if the Town will vote to raise and appropriate the amount of Three Thousand Four Hundred (\$3,400.00) Dollars for the purpose of purchasing a new police cruiser and authorize the Selectmen to sell or trade-in a 1976 Pontiac police cruiser.

(Approved by the Budget Committee)

ARTICLE XXII: To see if the Town will vote to bring forward the sum of Ten Thousand (\$10,000.00) Dollars appropriated in 1976 for the purchase of a dump truck and raise and appropriate an additional sum of Two Thousand Seven Hundred Fifty (\$2,750.00) Dollars for the purpose of purchasing said dump truck.

(Approved by the Budget Committee)

ARTICLE XXIII: To see if the Town will vote to raise and appropriate the sum of Two Thousand Five Hundred (\$2,500.00) Dollars for snow plow equipment.

(Approved by the Budget Committee)

ARTICLE XXIV: To see if the Town will vote to expend a part of the unexpended portion of the Bonds issued for the improvement of the municipal water system, as provided in Article III of the 1974 Town Warrant in the amount of Nineteen Thousand (\$19,000.00) Dollars towards the construction of a municipal garage facility with Water Department offices on land owned by the Town and located to the rear of the Firemen's Association Building.

(Approved by the Budget Committee)

ARTICLE XXV: To see if the Town will vote to expend and authorize the Trustees of the Trust Funds to withdraw the total balance of the moneys from the Capital Reserve Fund known as the Municipal Building Fund, which balance is approximately Eighty-one Thousand Six Hundred Sixty Dollars and Ninety-nine Cents (\$81,660.99), plus accumulated interest, to construct a municipal garage facility with Water Department offices, on land owned by the Town and located to the rear of the Firemen's Association Building.

(Approved by the Budget Committee)

ARTICLE XXVI: To see if the Town will vote to raise and appropriate the sum of Twenty-five Thousand (\$25,000.00) Dollars for the purpose of constructing a municipal garage facility with Water Department offices on land owned by the Town and located to the rear of the Firemen's Association Building.

(Approved by the Budget Committee)

ARTICLE XXVII: To see if the Town will vote to hire an outside and independent auditor for the Town's auditing work and to rescind any vote requiring the use of the State of New Hampshire auditors.

ARTICLE XXVIII: To see if the Town will vote to raise and appropriate the sum of Five Thousand Five Hundred (\$5,500.00) Dollars for the purpose of purchasing a G.M.C. 3/4 ton four-wheel drive truck.

(Approved by the Budget Committee)

ARTICLE XXIX: To see if the Town will vote to raise and appropriate the sum of Nine Thousand Eight Hundred (\$9,800.00) Dollars for the purpose of purchasing a used Michigan 175-A Series with a front end loader diesel drive.

(Approved by the Budget Committee)

ARTICLE XXX: To see if the Town will vote to raise and appropriate the sum of Three Thousand Two Hundred Ten (\$3, 210.00) Dollars for the purpose of joining the Strafford-Rockingham Regional Council and to authorize the Selectmen to apply for membership thereto.

(Approved by the Budget Committee)

ARTICLE XXXI: To see if the Town wishes to exclude from its Social Security plan services performed by election officials or election workers for each calendar quarter in which the remuneration paid for such services is less than Fifty (\$50.00) Dollars.

ARTICLE XXXII: To see if the Town will vote to raise and appropriate the sum of Four Thousand (\$4, 000.00) Dollars for the purchase of office equipment for the Town Offices.

(Approved by the Budget Committee)

ARTICLE XXXIII: To see if the Town will vote to raise and appropriate the sum of Ten Thousand (\$10, 000.00) Dollars for the purchase of additional park land.

(Approved by the Budget Committee)

ARTICLE XXXIV: To see if the Town will vote to sell to the Seabrook Beach Village District, upon such terms and conditions as the Selectmen deem appropriate, a certain parcel of land described as being 89 feet by 12 feet and located to the north of the existing Precinct building and land on Route 1 A.

ARTICLE XXXV: To see if the Town will vote to authorize the Selectmen to enter into a contract to lease additional rooms from the Seabrook Beach Village District for a period of five (5) years to be used by the Seabrook Police Department.

ARTICLE XXXVI: To see if the Town will vote to raise and appropriate the sum of One Thousand Eight Hundred (\$1, 800.00) Dollars for the purchase of a vault door to be installed in the Town Offices.

(Approved by the Budget Committee)

ARTICLE XXXVII: To see if the Town will raise and appropriate the sum of Two Thousand Four Hundred Thirty Dollars and Six Cents (\$2, 430.06) to purchase credit under New Hampshire Retirement Systems for Horatio C. Lattime for the period which he served as a permanent fireman from March 1954 to March 1966.

(Approved by the Budget Committee)

ARTICLE XXXVIII: To see if the Town will vote to raise and appropriate the sum of Eight Thousand (\$8,000.00) Dollars for the purpose of purchasing two small pick-up trucks.

(Approved by the Budget Committee)

ARTICLE XXXIX: To see if the Town will vote to raise and appropriate the sum of Two Thousand Five Hundred (\$2,500.00) Dollars for the purpose of defraying the expenses of an Old Home Celebration.

(Approved by the Budget Committee)

ARTICLE XL: On Petition of Daniel Gretsck and twenty-eight (28) other voters of the Town: To see if the Town of Seabrook will vote by a yes or no ballot to raise and appropriate the amount of Eleven Thousand (\$11,000.00) Dollars to create, establish and maintain a Mosquito Control Program as approved and directed by the Board of Selectmen.

(Approved by the Budget Committee)

ARTICLE XLI: On Petition of Robie M. Beckman and at least two per cent of the legal voters of Seabrook, to see how the voters will act on the following question: Are you in favor of increasing the Board of Selectmen to five (5) members?

(On the Official Ballot)

ARTICLE XLII: On Petition of Catherine F. Silver and eighty-eight (88) other voters of the Town: To see how the voters will act on the following question: Should the Town prohibit the transportation and storage within the Town of fuel, waste products and other radioactive materials connected with nuclear powered electric generating plants?

(On the Official Ballot)

ARTICLE XLIII: On Petition of Robert W. Fowler and eighteen (18) other voters of the Town: To see if the Town will vote to authorize the payment of time and a half to all employees who are working on a full-time basis, for any hours incurred over forty (40) hours.

(On the Official Ballot)

ARTICLE XLIV: On Petition of Ronald D. Locke and nine (9) other voters of the Town: To see if the Town will vote to raise and appropriate the sum of Five Hundred (\$500.00) Dollars to be used for the application of gravel to Ledge Road in Seabrook, New Hampshire.

(Submitted without recommendation by the Budget Committee)

ARTICLE XLV: On Petition of Alfred C. Janvrin and twenty-one (21) other voters of the Town: To see if the people of the Town will vote to keep the police station wagon for use by the Dog Officer instead of trading it in for a new wagon.

ARTICLE XLVI: On Petition of Alfred C. Janvrin and twenty-one (21) other voters of the Town: To see if the Town will vote to increase the Dog Officer's salary from Six Hundred Thirty (\$630.00) Dollars to One Thousand Eight Hundred (\$1,800.00) Dollars, now that there is a year-round leash law.

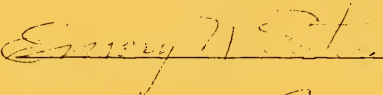

(Submitted without recommendation by the Budget Committee)

ARTICLE XLVII: To see what sums of money the Town will vote to raise and appropriate for the expense of the General Government, for the protection of persons and property, for health and sanitation, for highways and bridges, for the support of the Town Poor and for all necessary expenditure for the ensuing year.

ARTICLE XLVIII: To transact all other legal business that may come before said meeting.

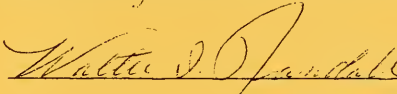

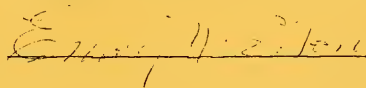

GIVEN under our hands and seals this day of February, in the year
of our Lord One Thousand Nine Hundred and Seventy-seven.

Selectmen of
Seabrook

A true copy of Warrant - Attest:

Selectmen of
Seabrook

Seabrook, New Hampshire

February 18, 1977

We hereby certify that we gave notice to the Inhabitants within named, to meet at the time and place and for the purpose within named, by posting an attested copy of the within Warrant at the place of meeting within named, and a like attested copy at the Post Office and the Town Hall, being public places in said Town on the 18th day of February, 1977.

Walter D. Sandall
Geo. H. Smith
Samuel H. Smith

STATE OF NEW HAMPSHIRE
ROCKINGHAM, SS.

February 18, 1977

Personally appeared the above named Selectmen of the Town of Seabrook and swore that the above was true to the best of their knowledge and belief.

Before me,

Margaret Tidman
Justice of the Peace

1976

REPORT OF THE WATER DEPARTMENT

239,772,680 gallons of water was pumped during 1976, an increase of 4,594,730 gallons over previous year.

Industrial and commercial use increased from 105,356,788 gallons in 1975 to 149,561,763 gallons in 1976, an increase of 44,204,975.

24 new services were installed, two of these were for large industrial sites, (Spherex and Public Service).

The new water tank was put in operation in December.

A new ten inch water line was installed on Fogg Lane which increases the water supply in the north end by means of a loop from New Zealand Road to Fogg's Corner.

A new 12 inch line was also installed from the new well field off Ledge Road to Service Road to ease the pressure on the old line on New Zealand Road.

Respectfully Submitted,

Douglas H. Perkins
Foreman
Water Department

ZONING ORDINANCE
OF THE
TOWN OF SEABROOK, NEW HAMPSHIRE

SECTION I: TITLE AND PURPOSE

1. This ordinance shall be known as the "Zoning Ordinance of the Town of Seabrook, New Hampshire".

2. The purposes of this ordinance are to promote the health, safety, convenience and general welfare of the inhabitants of the Town of Seabrook, to protect and conserve the value of property, to promote economic development of the Town's resources and to encourage the most appropriate use of land throughout the Town of Seabrook.

SECTION II: ESTABLISHMENT OF USE DISTRICTS

For the purpose of this ordinance the Town of Seabrook is hereby divided into five use districts:

ZONE 1

ZONE 2

ZONE 3

ZONE 4

ZONE 5

These districts and the boundaries of such districts are shown on the official Zoning Map of the Town of Seabrook, which Map is incorporated herein by reference and made a part hereof, and which is on file in the Office of the Town Clerk of the Town of Seabrook. This official Zoning Map shall be the final authority as the current zoning status of land in the Town.

1. No building shall be erected, reconstructed or structurally altered nor shall any building or land be used for any purpose other than is permitted in the district in which such building or land is located.

1.

2. No building shall be erected, reconstructed, or structurally altered to exceed the height herein established for the districts in which such building is located.

3. No lot area shall be so reduced or diminished that the yards or other open spaces shall be smaller than prescribed by this ordinance nor shall the density of population be increased in any manner except in conformity with the area regulations as hereinafter provided.

4. No yard or other open space provided around any building for the purpose of complying with the provisions of these regulations shall be considered as providing a yard or open space for any other building.

5. Every building hereinafter erected shall be located on a lot herein defined, and in no case shall there be more than one building on one lot, except as hereinafter provided.

SECTION III: USE REGULATIONS

A. ZONE 1

In Zone 1, no building, structure or portion thereof shall be erected, altered, moved or used and no land or building or part thereof shall be used, arranged or designed to be used except for one or more of the following uses:

1. Any use permitted in Zone 4.
2. Single and two-family dwellings.
3. Professional offices which are incidental to a residence and which conform in design to the structures in the area. There shall be no more than one office per single family house and no such office shall have more than three employees.
4. Municipal buildings.
5. Churches, schools and libraries.
6. Parks and non-commercial recreation.
7. Guest houses in which the owner is prime occupant and which is located in a building in existence at the time this ordinance is enacted which has not been expanded after the enactment of this ordinance.
8. Dead storage of travel trailers not more than 27 feet in length and boats used by the residents or tenants.

9. Swimming pools for use of occupants and guests.
10. Accessory buildings not for human habitation which are incidental to the primary uses.
11. Accessory uses by owner or tenants incidental to the above permitted uses and not detrimental to a residential neighborhood, except tents erected for the purpose of human habitation.

B. ZONE 2

In Zone 2, no buildings, structure or portion thereof shall be erected, altered, moved or used and no land or building or part thereof shall be used, arranged or designed to be used except for one or more of the following uses:

1. Any use permitted in Zone 1, subject to all limitations there applicable.
2. Home occupations including agriculture.
3. Cemeteries.
4. Nursing or convalescent homes for not more than twenty patients.
5. Farm buildings for the operation of farms.
6. Retail businesses and wholesale businesses incidental to principal retail business.
7. Gasoline stations, but not including the outdoor storage or inoperative and unregistered automobiles, provided that no new gasoline station shall be located within 1,000 foot radius of an existing gasoline station.
8. Banks and offices.
9. Commercial recreation, amusements and entertainment which is conducted within the confines of a building, except in those areas in Zone 2 to the East of the Blackwater River.
10. Travel trailer parks, except in those areas in Zone 2 to the East of the Blackwater River.
11. Restaurants and lounges.
12. Hotels and motels.

13. Public utility buildings (non-manufacturing).
14. Theatres and halls.
15. Manufacturing clearly subordinate and incidental to the permitted business conducted on the premises.
16. Accessory uses of structures and of land normally incidental to the permitted principal use of the premises.

C. ZONE 3

In Zone 3, no buildings, structure or portion thereof shall be erected, altered, moved or used and no land or building or part thereof shall be used, arranged or designed to be used except for one or more of the following uses:

1. Any uses permitted in Zone 1 and Zone 2, subject to limitations there applicable.
2. Warehousing, storage or wholesaling establishment.
3. Manufacturing of such a nature that the use is not obnoxious or injurious to the health and safety of the community.
4. Accessory uses of structures and open spaces normally incidental to the permitted principal use of the premises.

D. ZONE 4

In Zone 4, no buildings, structure or other improvements shall be erected or altered herein and no land or building or part thereof shall be used or designed to be used except for recreation purposes.

E. ZONE 5

In Zone 5, there shall be no restrictions on uses.

SECTION IV: AREA AND HEIGHT REGULATIONS

A. HEIGHT: No structure may exceed the maximum height of two and one-half stories or thirty-five (35) feet except Public Utility or Municipal structures.

B. AREA AND FRONTAGE: No building shall be erected, placed, moved or otherwise located on a lot containing less than 12,500 square feet in area, or less than ninety (90) feet of frontage on an existing road, and has an average width of ninety (90) feet unless such lot is on record in the Rockingham County Registry

of Deeds prior to the enactment of this ordinance. No dwelling building shall contain more than two (2) living units per ninety (90) feet of frontage on an existing road or more than two (2) living units per 12,500 square feet of land area. Provided, that except in those areas of Zone 2 to the East of Blackwater River, an additional dwelling building containing no more than one living unit may be placed on a lot in Zone 2, in addition to such buildings as are otherwise herein permitted on a lot, provided that said lot contains 12,500 square feet of land area per building.

C. SET BACK AND SIDELINE: No structures shall be placed less than

- 1) Twenty (20) feet in a residential area, or
- 2) Thirty (30) feet in a commercial area, or
- 3) Fifty (50) feet in an industrial area

from the sidelines of the right-of-way of any road, nor closer than eight (8) feet to the nearest lot line. Steps shall not be considered a part of the structure, but porches, piazzas and other similar elements shall be considered a part of the structure.

SECTION V: BOUNDARIES OF DISTRICTS

In the event that uncertainty exists with respect to the boundaries of the various districts as shown on the official Zoning Map, the following rules of interpretation shall be applied:

A. Where a boundary is indicated as a highway, railroad or such other landmarks, it shall be construed to be the center line thereof unless otherwise indicated on the Zoning Map.

B. Where a boundary is indicated as approximately parallel to a highway, railroad or such other landmark, it shall be construed as parallel thereto and at such distance from as shown on the Zoning Map.

C. If no dimension is given on the Zoning Map, the location of any boundary shall be determined by use of the scale shown on the Zoning Map.

D. Where a boundary coincides approximately by lot lines, such lot lines shall be construed to be the boundary where such interpretation is practical. However, even when a boundary between two districts divides a lot the Board of Adjustment may upon application by the lot owner allow those uses for the lot which are least restrictive as between the two districts.

E. Where not otherwise provided for, or a question exists, the Planning Board shall determine the exact boundary line.

SECTION VI:

GENERAL PROVISIONS:

A. SANITARY AND SAFETY PROTECTIONS:

The Building Inspector shall maintain a complete record of all building permits granted under the terms of this Zoning ordinance and shall send a monthly report to the New Hampshire Water Supply and Pollution Control Commission, with a copy to the Planning Board, of all permits which have been granted during the previous month which in the judgment of the Building Inspector involves construction falling within the jurisdiction of review of said Commission.

B. NUISANCE CONTROL:

The occurrence of activities that may be obnoxious or injurious by reason of the production or the emission of odor, dust, smoke, fumes, refuse matter, noise, vibration, or similar conditions, or that are dangerous to the health, safety or value of property of the community, or that lends otherwise to the annoyance or disturbance of a neighborhood, shall be prohibited.

C. THE DUMPING OR DISPOSAL OF GARBAGE AND OTHER REFUSE:

Promiscuous dumping; no land in any District shall be used for a dumping place for garbage and refuse from either private or from commercial or from industrial sources except the public dump as provided by the Town and except with the approval in writing of the Public Health Officer or the Board of Adjustment upon such conditions as they may require.

D. SAND, TOPSOIL, AND GRAVEL REMOVAL:

It shall be unlawful to excavate and remove from the premises sand or topsoils or gravel from land extending 500 feet from the surface of a highway, street, or road, or other public way excepting such surpluses of topsoil, sand, and gravel as may result from excavations when constructing basements or foundations for buildings or when excavating for driveways, parking lots and streets except as may be permitted by the Board of Adjustment upon application by the lot owner. An approval for excavation by the Board of Adjustment shall be considered valid only when issued in writing and under such conditions as it may require.

E. MOTOR VEHICLE AND MACHINERY JUNK YARDS:

In pursuance of the authority conferred by Chapter 267 and Chapter 267-A of New Hampshire Revised Statutes Annotated, as amended, the following regulations shall govern the upkeep of motor vehicle and machinery junk yards. The following definitions shall be used in the interpretation of these regulations:

1. The term "Motor vehicle junk yard" as used herein shall include any business and any place of storage or deposit, whether conducted in connection with any other business (such as garage, auto repairs, new or second-hand auto sales, service station, etc.) or not, which has stored, deposited or abandoned:

- (a) two (2) or more unregistered motor vehicles which are no longer intended or in a condition conforming with legal requirements for use on the public highways, or
- (b) used parts of motor vehicles, or such pieces of iron, bronze, or other metals, glass, paper, rubber, or other discarded or second-hand material as has been a part, or intended to be a part of any motor vehicle, the sum of which parts or materials shall be the equivalent in bulk of two (2) or more passenger car motor vehicles.
- (c) The term "motor vehicle junk yard" shall also include any place of business or storage or deposit of motor vehicles purchased or acquired otherwise for the purpose of dismantling the vehicles for their parts or for use of the metals for sale as scrap materials as well as those places where scrap metals are salvaged by burning the motor vehicles or where motor vehicle parts are cut up for the salvage of metals in more convenient sizes.

2. The term "machinery junk yard", as used herein shall mean any yard or field used as a place of storage in which there is displayed to public view junk machinery of any kind or scrap metals that occupy an area of not more than an aggregate of five hundred (500) square feet.

3. Regulations effective with the enactment of this ordinance:

- (a) No person, corporation, or association shall locate or maintain a motor vehicle junk yard or a machinery junk yard within a distance of one hundred and fifty (150) feet from the surface of any public highway unless such yard is fenced or screened so as to be completely hidden from view of the highway.

7.

- (b) Yards currently in operation shall be permitted a period of sixty (60) days of grace in which to complete the actions necessary for compliance with these regulations before violators may be prosecuted.

4. Nuisance abatement:

- (a) Any motor vehicle junk yard or machinery junk yard located or maintained in violation of the provisions of this subdivision is hereby declared a nuisance and the same may be abated on complaint of any prosecuting officer.

5. Penalty for violation: Whoever violates any of the provisions of these regulations governing junk yards shall be fined not more than one hundred (100) dollars or imprisoned for not more than six months, or both.

SECTION VII: ADMINISTRATION AND ENFORCEMENT

A. AUTHORIZATION FOR ADMINISTRATION AND ENFORCEMENT:

1. This ordinance together with the Building Code of Seabrook, New Hampshire shall be administered and enforced by the Board of Selectmen.

2. The Board of Selectmen is hereby given the power and the authority to appoint a Building Inspector and a Deputy Building Inspector, who shall act in the absence, disability or unavailability of the Building Inspector, and to delegate to such Building Inspector the power and authority to administer the provisions of this Ordinance that require use of the Building Permit.

B. BOARD OF ADJUSTMENT:

A Board of Adjustment as established, is hereby continued as such, and its membership and duties shall conform to the provisions of Chapter 31, Sections 66 to 89 inclusive of the New Hampshire Revised Statutes Annotated or any amendments or additions made thereto.

C. ADMINISTRATIVE PROCEDURES PERTAINING TO USE OF THE BUILDING PERMIT:

1. No building, structure, or use of land shall be constructed, developed, enlarged, materially altered or moved until an application for a permit to do so shall have first been made to the Building Inspector, and a building permit issued in writing by him authorizing such action, provided it complies with the provisions of this ordinance. For the purpose of this ordinance any structural alteration which increases the valuation of the principal structure by less than \$500.00 shall not be deemed to be a material alteration.

2. No building permit shall be issued by the Building Inspector until all applicable provisions of this ordinance have been complied with.

3. There shall be a fee for the review of an application, inspection of the premises (if required) and the issuance of a building permit of five (\$5.00) dollars, plus the sum of two (\$2.00) dollars per thousand (\$1,000.00) dollars, (or any fraction thereof) of estimated cost of the building or project with a maximum fee of one thousand (\$1,000.00) dollars. Such estimated cost shall be submitted by the applicant, subject to the approval of the Building Inspector who may revise such cost estimate if it appears too high or too low, but if the applicant is not satisfied, the Selectmen shall make a final determination on behalf of the Town of Seabrook, and he shall account and pay over all such fees to the Town. In addition, a fee of twenty (\$20.00) dollars shall be required if a public hearing is deemed necessary by the Planning Board, which fee shall be payable upon application. The building permit fees may be increased, if circumstances warrant, by unanimous consent of the Board of Selectmen.

4. No application for a building permit shall be accepted or approved unless it is (1) filed in writing on a form prescribed by the Selectmen, (2) accompanied by the required permit fee, (3) accompanied by a drawing or plat, in duplicate, showing the lot plan, the location of the building, or use on the lot, accurate dimensions of the lot and building or use, and where for human habitation or use, showing location and specifications, and means of waste and sewage disposal, means of access to such lot or use, and such other information as the Building Inspector may deem necessary to provide for the observance of the provisions of this ordinance. No building permit for any work or project estimated to cost more than \$10,000.00 shall be issued until the Building Inspector has inspected the premises and has satisfied himself that all lot, building, structure and land use stakes or markers are in place and comply with the provisions of this ordinance.

5. No application for a building permit shall be approved until stakes or markers shall be fixed on the lot to indicate the location of lot lines and all corners of building(s), structure(s) and alterations proposed, and where the Building Inspector deems it necessary or desirable, of the means of access thereto. Where the application is for land use not involving excavations, grading, or other development or use of the ground or landscape concerned, stakes or markers shall be fixed on the lot to indicate the location of lot lines and bounds of all such excavations, grading or land development(s) proposed.

6. A building permit whether for a building, structure, material alteration or proposed land use, or otherwise, under the authority of which no work has been commenced within one year after issuance shall expire and become void upon such anniversary.

7. No land shall hereafter be used for building or development and no building or structure hereafter erected, enlarged, materially altered, or moved, in whole or in part for any purpose until a building permit shall have been issued by the Building Inspector showing that the use and development of the land, building or structure complies with the provisions of this ordinance.

8. A building permit may be issued upon such conditions as the Building Inspector, or when applicable, as the Board of Adjustment may deem necessary to assure the observance of the provisions of this ordinance. Any building permit issued shall authorize only such work or project as the application and the permit, taken together, reasonably allow. The Building Inspector or the Selectmen may suspend or revoke any building permit upon determining that the work or project in process is not in conformity with the permit as granted, or is otherwise in violation of the terms of this ordinance. In event of such suspension or revocation of a building permit, the work or project concerned shall immediately cease, or legal action to enforce such cessation shall forthwith be taken by the Selectmen.

D. DUTIES OF THE BUILDING INSPECTOR:

1. The Building Inspector shall assist the prospective builder to conform with the provisions of this ordinance.

2. To determine at the site of work operations whether these follow the plans and specifications as proposed in the Application for a Building Permit and the extent of compliance with the Building Code ordinance of the Town.

3. To maintain a complete and accurate record of the work performed by the Building Inspector, keeping such records as are required for this purpose in files at the Office of the Board of Selectmen.

4. To assist the Selectmen in the enforcement of this ordinance.

E. ENFORCEMENT OF THE PROVISIONS OF THIS ORDINANCE:

1. Upon receipt of information from any source that any provision of this Ordinance is being violated, the Building Inspector, Health Officer, or Police Chief shall promptly investigate the alleged violation at its site and, through the Board of Selectmen, shall undertake the following actions to enforce the provisions of this ordinance:

- a. Notify the owner or his agent in writing of the nature of the violation and ordering immediate correction of it, and

- b. When satisfactory compliance has not been obtained following such notification, the Selectmen shall have a complaint prepared against the offending party who shall be summoned to appear in Court to answer such complaint, or the Selectmen may take any other action that may be appropriate or in accordance with the advice of Town Counsel.

2. Penalties: Any person, firm or corporation violating any of the provisions of this ordinance shall be guilty of a violation, punishable by a fine of not more than One Hundred (\$100.00) Dollars, upon conviction, for each day such violation may exist or continue. Any such violation, once commenced, shall constitute a continuing violation until it is terminated, and such a continuing violation may be prosecuted as a single violation, or as a series of separate violations.

SECTION VIII: NONCONFORMING USE:

A. At the time this ordinance takes effect, all lawful buildings, structures, and land then devoted to uses which would not be otherwise allowed in the district where the same is located by the terms of this ordinance are declared to be non-conforming uses.

B. A non-conforming use, except for the uses authorized under Section III, C - 2, 3 and 4, may not be changed subsequently to another non-conforming use of the same premises nor may the non-conforming use be expanded beyond that which existed upon the adoption of this ordinance, nor resumed after the lapse of one year unless a special exception has been granted by the Board of Adjustment.

C. Land and buildings that are idle or not put to any specific use shall be considered to be in a conforming status.

D. Nothing in this ordinance shall prevent substantial restoration within one year and continued non-conforming use of a building that has been damaged by fire, water or other casualty. Authorization must be obtained from the Board of Adjustment before restoration of non-conforming property may be undertaken when such restoration involves (1) structural or architectural changes in the building, or (2) changes in the use of the property.

E. Any buildings or structures for uses as authorized in Section III, C - 2, 3 and 4, whether or not in Zone III, for which building permits have been issued prior to the enactment of this ordinance, shall be considered as existing for purposes of this Section only.

F. Any building, structure or land, in or on which a non conforming use is replaced by a permitted use, shall thereafter conform to the regulations for the district in which such structure is located, and the non-conforming use may not thereafter be resumed.

SECTION IX: AMENDMENT, SEVERABILITY, AND WHEN EFFECTIVE:

A. When provisions of this ordinance, or any part thereof, may be amended, supplemented or repealed in the manner set forth by Chapter 31 of Revised Statutes Annotated as amended.

B. Whenever the regulations made under the authority hereof differ from those described by any statute, ordinance or other regulation, that provision which imposes the greater restriction or the higher standard shall prevail.

C. Should any section or provision of this ordinance be held to be invalid or unconstitutional by any Court of competent authority and jurisdiction, such holding shall not affect, impair or invalidate any other provision of this ordinance, and to such end all sections and provisions of this ordinance are declared to be severable.

D. This ordinance shall take effect upon its passage, and shall thereupon supersede all prior zoning ordinances of the Town of Seabrook. No provision of this ordinance however shall limit or affect the power of the Planning Board as authorized by the Town under Chapter 36 Section 19 of New Hampshire Revised Statutes Annotated, on March 7, 1972.

SECTION X: DEFINITIONS:

Accessory building: A building whose purpose is subordinate to that of the main building. It may be separate from or attached to the main building. For the purpose of this ordinance a breezeway, a garage or a carport that is attached directly to, or by means of another structure to the main building, shall be regarded as an integral part of the main building.

Accessory use: Any subordinate use of premises which customarily is accepted as a reasonable corollary to the principal use thereof, and which is neither injurious nor detrimental to the neighborhood.

Alteration: Of a building or a fabricated structure means a change, rearrangement, or addition involving the original structural parts, or significant changes, or additions to the plumbing, gas piping, electrical wiring, ventilation, or heating installations. Such alterations are not to be confused with replacements or repairs.

Building height: The height of a building is the vertical distance from the grade to the highest point of the coping of a flat roof, or to the declivity of a mansard roof, or to the main mean height between the plate and the ridge of a pitched or a hip roof.

District: A division of the total area of the Town including all of the land, water, streets, and buildings within the designated boundaries.

Dwelling: Single-family - A detached building designed for or occupied exclusively by one family.

Dwelling: Two-family - a detached building designed for or occupied by two families exclusively, living independently and separately of each other therein.

Foundation: The structural materials supporting a building.

Frontage: Line separating private property from a public right of way or street.

Home occupations: Any work involving mechanical production, crafts, domestic arts, or services that are produced for a profit on the premises and incidental to the occupancy of a dwelling and its accessory building by a family unit and employing not more than three (3) persons outside of the immediate family. Examples: radio repair, hairdressing, dressmaking, shoe repairs.

House, guest, rooming: A building in which bedrooms are rented to semi-permanent guests whose meals, when consumed on the premises, are prepared only by the proprietor or his employees.

Hotel, motel: A building designed for or used commercially as more or less temporary living quarters for persons who are lodged with or without meals, in which are ten or more sleeping rooms usually occupied by transients.

Land: For the purposes of this ordinance, the word "land", wherever used, shall mean and include all the surface of the earth within the limits of the Town of Seabrook, including all land, ground and subsurface deposits, all the air space above the land to the limits of the Town's jurisdiction thereof, and all waters, tide waters, marshes, flats and underwater lands to the limits of the Town's jurisdiction thereof. Provided, however, that as to a lot and its area and bounds as defined herein, the term "land" shall not include water or underwater lands, whether tidal or otherwise, unless otherwise provided herein.

Lot: One parcel of land set off as a unit and either occupied by or intended to be occupied by a building or fabricated structure, and including the open spaces required by law.

Lot Area: Means the extent in square feet of the surface of a lot. The lot area shall not include any part of the street upon which the lot fronts or abuts.

Lot depth: The mean distance from the frontage line to the rear lot line when measured on a line halfway between the two side lot lines.

Lot lines: The lines bounding a lot, and dividing the lot from other lots, streets, land or water.

Lot of record: A lot which has its principal frontage upon a street and is described in a deed which has been lawfully recorded in the Registry of Deeds for the County of Rockingham, or which, if not so deeded, is a lot which is part of a subdivision, the plan of which has been lawfully recorded in such Registry of Deeds.

Lot width: The mean distance between the lot side lines measured on a line which is the mean direction of the front and rear lot lines.

Neighborhood: An area of land local to the use concerned, generally lying within a radius of 1000 feet of such use for the purposes of this ordinance, but including all areas farther away from such use whenever the use creates a condition which by reason of noise, smoke, vibration, lighting or other cause creates a detriment, hazard or injury to an area more extensive in size.

Non-conforming use: A building, structure or use of premises that does not conform to the provisions of this ordinance in the district in which it is situated, and which is permitted solely because it was in lawful existence as such a use prior to, or at the time this ordinance took effect. Only the principal use of the premises concerned may be continued if it is non-conforming; a subsidiary, secondary, subordinate or part-time use of premises may not be deemed non-conforming.

Repair: Replacement or mending of parts already existing but in a state of deterioration with equivalent materials and for the purpose of maintaining their quality.

Story: Means that part of a building or structure comprised between a floor and the floor or roof next above it.

Structure: Anything constructed or erected by human means, whether on land or water, the use of which requires location on the ground or bed of the water, or which requires attachment to something having location on the ground or water.

Trailer, travel trailer type: A fabricated structure mounted on wheels and especially designed: (1) for hauling it on highways with a motor vehicle, and (2) to provide temporary living quarters during travel, camping, recreational or vacation trips (synonymous with "Trailer Coach").

Variance: Means a variation from the terms of this ordinance, not otherwise permitted within the district concerned, which may be granted by the Board of Adjustment pursuant to its discretionary power, where the Board finds that the grant of such variance will do substantial justice and the intent of the ordinance will be still observed. The Board of Adjustment may in such case waive the literal enforcement of the applicable provision(s) of this ordinance and grant a variance only where such literal enforcement would result in unnecessary hardship to the applicant.

RECORD OF BIRTHS IN THE TOWN OF SEABROOK, NEW HAMPSHIRE

Year Ending December 31, 1976
